Nederlandse Financierings-Maatschappij voor Ontwikkelingslanden N.V.
(Incorporated in the Netherlands with limited liability and having its statutory domicile in The Hague)

Issue of EUR 500,000,000 0.125% Fixed Rate Notes 2017 due 1 June 2023 (the "Notes") under the EUR 7,000,000,000 Debt Issuance Programme

PART A — CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Prospectus dated 22 June 2016 (the "Base Prospectus") for the purposes of the Directive 2003/71/EC (as amended, including by Directive 2010/73/EU) and includes any relevant implementing measure in the Relevant Member State (as defined below) (the "Prospectus Directive"). This document contains the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the Base Prospectus.

The Base Prospectus (as completed by these Final Terms) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances.

Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms, the Base Prospectus dated 22 June 2016 and the Conditions. The Base Prospectus is available for viewing at the website <http://www.fmo.nl/page/1722>, and copies may be obtained at the specified office of the Issuer and the Agent.

3. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE/OFFER

Save for any fees payable to the Managers, so far as the Issuer is aware, no person involved in the issue/offer of the Notes has an interest material to the offer. The Managers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer and its affiliates in the ordinary course of business.

4. REASONS FOR THE OFFER

- (i) Reasons for the offer: To further the Issuer's objects as set out in its articles of association.

- (ii) Use of Proceeds: The net proceeds of the issue of the Notes will be allocated within FMO's Treasury to a special sub-portfolio that will be linked to FMO's lending operations in the fields of green finance and inclusive finance ("Eligible Projects"). FMO's definition of green projects focuses on climate-related projects while the inclusive finance projects focus on microfinance and small- and medium-sized enterprises. FMO defines two sub categories under green: climate change mitigation and climate change adaptation. So long as the Notes are outstanding, the balance of the sub-portfolio will be reduced by amounts matching disbursements in respect of Eligible Projects. Pending such disbursement, the net proceeds of the issue of the Notes will be held in the Issuer's liquidity portfolio and may temporarily be used for different purposes in case of liquidity stress situations.

Green finance projects include, but are not limited to, investments in:

- Renewable energy projects such as solar, wind, geothermal power and hydro
- Energy efficiency projects in buildings, agriculture and

industry

- Responsible agriculture, food production, forestry, transport, waste and wastewater projects (including biosphere conservation projects)

Inclusive finance projects include, but are not limited to, investments for the benefit of:

- Microfinance Institutions (MFIs)
- Small- and Medium-size Enterprises

FMO commits to finance SMEs in developing and emerging markets, typically through financial intermediaries, such as SME (focused) Banks, non-bank financial institutions and corporates. FMO is committed to invest in some of the poorest countries in the world. To be eligible for the use of proceeds, financial institutions should: specifically target one or more of the following populations: females; rural populations who are focusing on agricultural production and agricultural value chains; economically excluded individuals; and low-income populations who earn less than USD 8 per day.

Projects may be financed directly or indirectly, including through financial intermediaries.

Eligible Projects include:

- Projects committed after the issuance of the Notes
- Projects committed before the issuance of the Notes but funded (disbursed) after the issuance of the Notes
- Projects funded (disbursed) within the 12 months before the issuance of the Notes

The above examples of Eligible Projects are for illustrative purposes only and no assurance can be provided that the proceeds of the Notes will be used for disbursements for projects with these specific characteristics.

Environmental and Social Requirements

FMO strives to apply core minimum environmental and social requirements to all of its debt financing activities, including all activities which will be financed with the proceeds of the Notes. FMO will implement additional environmental and social requirements based on its assessment of the risks faced by individual borrowers and/or financing transactions. FMO's environmental and social requirements are updated from time to time in accordance with developments in FMO's policy. If a borrower fails to meet any such requirements, FMO will seek for such breaches to be promptly addressed and/or remedied in a manner satisfactory to FMO.

At minimum, each borrower in a debt financing transaction with FMO (a "Borrower") may not perform or, if applicable, finance any person performing, any of the excluded activities which are listed in Schedule A (Excluded Activities) hereto, and is required

to comply in all material respects with all laws of the applicable country relating to (i) environmental matters, (ii) natural resource management, (iii) labour, (iv) social security, (v) the regulation of industrial relations (between government, employers and employees), (vi) the protection of occupational as well as public health and safety, (vii) the regulation of public participation, (viii) the protection and regulation of ownership of land rights (both formal and traditional), immovable goods and intellectual and cultural property rights, (ix) the protection and empowerment of indigenous peoples or ethnic groups, (x) the protection, restoration and promotion of cultural heritage, and (xi) all other laws, rules and regulations providing for the protection of employees and citizens.
